Short Term Goals (To achieve within 1-2 years)

Long Term Goals (To achieve within 3-5 years)

Green Indicates Progress Towards Goal

Philosophy Statement

Xavier's philosophy rests in the vision of a thorough classical education which is embodied in the following statement:

No nobler training exists but that which cherishes the good, the beautiful, and the true, thus producing disciples of knowledge and lovers of wisdom.

“...for then our youth shall dwell in a land of health, amid fair sights and sounds, and receive good in everything; and beauty, the effluence of fair works, shall flow into the eye and ear, like a health giving breeze from a purer region, and insensibly draw the soul from the earliest years into likeness and sympathy with the beauty of reason.” ~Plato's *Republic*

Mission Statement

Xavier Charter Schools are dedicated to providing a classical, intellectually rigorous, content-rich, liberal arts education, preparing students to excel in every duty and guiding them toward wisdom and virtue.

Classical Education is defined as teaching by the same educational principles and toward the same educational pursuits as the ancients. To do so is known as the Trivium, Latin for “the three roads”. The three classical subjects are called Grammar (Elementary years), Logic (Middle School years), and Rhetoric (High School years). Levels of development in the classical sense are Knowledge, Understanding, and Wisdom. The picture is that human beings have three areas of mental capacity: one for gathering up information (*Knowledge*), a second for arranging the information in a logical order (*Understanding*), and a third for putting this information and this ordering to practical use (*Wisdom*). These three capacities are mutually dependent upon each other, but have a logical and developmental order between them. They all develop at the same time, from birth, yet they each pass through periods of intensive development until they finally meet each other and work harmoniously together. Classical Education weaves the subjects of literature, history, language, art, music, dance, math and science together to formulate a student's foundation in cultural literacy.

Xavier Charter School's classical mindset of training a virtuous population is supported by a high-energy, high-expectation program known as Great Expectations. Pillars of Character are taught through literature, poetry, prose, quotes, and writing with the end goal of equipping leaders of tomorrow through training of the body, mind and spirit.

Body: The atmosphere of the school and the classrooms will reflect mutual respect so that students will feel empowered to take risks necessary for growth and learning. Mistakes will be seen as opportunities to learn and all ideas will be valued.

Teachers will possess positive attitudes necessary to shape and facilitate learning in the classroom through encouraging, believing in the students, caring and requiring excellence in every detail.

Mind: We will seek to challenge every student all of the time through a coherent and orderly classical education curriculum.

We will have high expectations of our students, and our teachers will possess knowledge and skill necessary to assist students in achieving those high expectations.

Students will learn to value knowledge for knowledge's sake.

Spirit: Students will develop the self-respect and discipline necessary to allow them to achieve their personal goals and to become active, responsible members of their communities.

Xavier's uniqueness will be exemplified by:

- The consistency of the instruction models used throughout K-12. Starting with direct instruction in the lower grades and progressing through to Socratic Teaching, concept development, synectics and inquiry models; students will be able to recognize instructional models from grade to grade. Instruction will have the appearance of a spectrum, rather than a patchwork quilt. Students will be able to take those instructional techniques and incorporate them into learning strategies.
- The consistency of the cultural/climate expectations. Behavioral standards are the same for each classroom and teacher throughout the school.
