

Xavier Charter School

Vivere est cogitare

The following skills should be mastered prior to coming into Fourth Grade:

Language Arts:

- Reads books beyond A to Z Mysteries/Magic Treehouse and is moving into bigger chapter books
- Reads fluently, with minimal accuracy errors
- Identifies the main idea of a passage and gives supporting details
- Orally retells a short narrative
- Legibly writes all upper and lower case letters in cursive
- Answers questions in a complete sentence using correct capitalization and ending punctuation in a manner that makes the question clear to the reader
- Writes a full paragraph which includes an introductory sentence, body sentences, and a concluding sentence
- Write a 3-4 sentence summary of a short narrative
- Is familiar with the 8 parts of speech and can identify them in a sentence: noun, pronoun, verb, adjective, adverb, preposition, conjunction, and interjection

Math:

- Mastered addition and subtraction facts to 20
- Mastered multiplication facts 1-10
- Recognize part-whole relationships found in addition, subtraction, multiplication, division, and fractions
- Knows place value up to ten thousands
- Knows decimals in money
- Know units of measure in weight, capacity, and time

Please be sure to review any of the above skills with your child if you believe your child may be deficient in one or more areas.
