#### NON-INSTRUCTIONAL OPERATIONS

Policy: 8000 Goals

In order for students to obtain the maximum benefits from their educational program, a complex set of support services must be provided by Xavier Charter School. These services are essential to the success of Xavier Charter School, and the staff that provides them is an integral part of the educational enterprise. Because resources are always scarce, all assets of Xavier Charter School operations, including non-instructional support services, shall be carefully managed in order to obtain maximum efficiency and economy. To that end, the goal of Xavier Charter School is to seek new ways of supporting the instructional program that shall maximize the resources directly available for students' learning programs.

#### NONINSTRUCTIONAL OPERATIONS

#### Policy: 8100 Transportation

The Board of Directors' primary concern in providing transportation services to students is the safety and protection of the health of students.

#### Requirements

Xavier Charter School shall provide transportation to and from school for a student who:

- 1. Resides at least 1 ½ miles from Xavier Charter School, determined by the nearest and best route from the junction of the driveway of the student's home 1 and the nearest public road to the nearest door of the school or to a bus stop, whichever the case may be;
- 2. Is a student with a disability, whose IEP identifies transportation as a related service; or
- 3. In the judgment of the Board of Directors, has another compelling and legally sufficient reason to receive transportation services, including the age, health, or safety of the student.

The type of transportation provided by Xavier Charter School may be by a school bus or other vehicle. The Board may authorize children attending nonpublic schools to ride a school bus provided that space is available and a fee to cover the per-seat cost for such transportation is collected.

#### **Homeless Students**

Homeless students shall be transported in accordance with the McKinney Homeless Assistance Act and state law.

#### Foster Children

The Head of Schools, <u>contracted bus provider</u>, and/or designee shall implement the requirements for ensuring the educational stability for all children in foster care. Each of these provisions must emphasize the child's best interest determination. A written guideline must provide clarity to each school and staff member governing the transportation protocol for students in foster care. This includes the facilitation of transportation to the school of origin (when in the student's best interest). Transportation will be provided, arranged, and funded for the duration of time in foster care. These procedures must confirm the following:

1. Children in foster care needing transportation to the school of origin will promptly receive that transportation in a reasonable and cost effective manner; and

<sup>&</sup>lt;sup>1</sup> A day care center, family day care home, or a group day care facility may substitute for the student's residence for student transportation to and from school.

- 2. Ensure that, if there are additional costs incurred in providing transportation to maintain children in foster care in their schools of origin, Xavier Charter School will provide transportation to the school of origin if:
  - A. The local child welfare agency agrees to reimburse Xavier Charter School for the cost of such transportation;
  - B. Xavier Charter School agrees to pay for the cost of such transportation; or
  - C. Xavier Charter School and the local child welfare agency agree to share the cost of such transportation.

#### **Safety**

Xavier Charter School <u>or their contracted bus provider</u> shall provide each new school bus driver with a school bus driver training program before allowing him or her to drive a bus carrying students. Xavier Charter School <u>or their contracted bus provider</u> shall provide all experienced school bus drivers with at least ten hours of refresher school bus driver training each fiscal year. Such training shall meet the requirements described in the *Standards for Idaho School Buses and Operations*. Documented training similar to that required by Xavier Charter School <u>or their contracted bus provider</u> may be used to comply with new school bus driver training hours, unless the driver has a gap of more than four years in their previous driving experience.

The Head of Schools, <u>contracted bus provider</u>, and/or designee shall develop written rules establishing the procedures for bus safety and emergency exit drills, and for student conduct while riding on buses, including for students with special needs.

Xavier Charter School or their contracted bus provider shall ensure that transportation personnel have access to a library of resources to assist them in operating safe and efficient transportation services. These resources shall include:

- 1. Applicable federal, state, and local laws, codes, and regulations;
- 2. Applicable manuals and guidelines;
- 3. Online access to internet and other resources; and
- 4. Applicable trade journals and organizations' publications.

Policy: 8110 Safety Busing

Safety busing is the transportation of a student who lives less than 1 ½ miles from Xavier Charter School when, in the judgment of the Board of Directors, the age, health, and/or safety of the students warrants such action.

The Board will only consider requests for safety busing for students living less than 1 ½ miles from Xavier Charter School when one or more of the following criteria is met:

- 1. Unsupervised crossing of a heavily traveled multi-lane roadway requiring beyond-age-level comprehension of complex traffic hazards;
- 2. Walking along an arterial road and highway permitting 50 mile per hour speeds;
- 3. Crossing an intersection in competition with a high volume of right turning vehicles without the benefit of adult supervised crossing;
- 4. Walking in the traffic lane of an arterial or collector street because of the absence of sidewalks or usable shoulders which are at least three feet wide;
- 5. Walking beside or over unprotected waterways;
- 6. Walking routes which are temporarily interrupted by major road construction, building construction, or utility construction;
- 7. Walking routes interrupted by numerous high traffic volume business driveways; or
- 8. Other unique circumstances or extraordinary factors.

The existence of any of the above criteria does not automatically qualify an area for safety busing. The Board may also consider evaluation factors including but not limited to traffic count; traffic gap times; posted speed; width of roadway; width of walking area; length of time student would be exposed to area of concern; age of pupils; number of pupils; traffic control signs and markings; as well as written comments from parents, patrons, and Xavier Charter School personnel prior to a vote on the issue. Further, the Board shall consider the criteria set out in its measuring and scoring instrument, with a an appropriate "cut off" for safety busing purposes when the scoring element used indicates hazards that are "reasonable" for students to encounter during their walk to and from school. The minimum cut-off total scoring on the Measuring Instrument Model for students less than 1 ½ miles from the school is a score of 55.

Each year, no later than the regular Board meeting in August, the Board shall review and vote on all requests for new safety busing locations. The Board may annually approve the formation of an ad hoc supplemental transportation committee for the purpose of objectively evaluating all hazardous routes less than 1.5 miles from the students' home to school, using the Board approved measuring instrument. The Head of Schools and/or designee is directed to review all existing safety busing locations at intervals of at least every three years.

#### NONINSTRUCTIONAL OPERATIONS

#### Policy: 8120 Bus Routes, Stops and Non-Transportation Zones

Each year, no later than the regular Board of Director's meeting in August, the Head of Schools and/or designee shall present their recommendation for bus routes, school safety busing zones, and non-transportation zones to the Board. The Board shall consider student health and safety in considering the recommendations of the Head of Schools and/or designee.

#### **Definitions**

"Safety Busing Zone" shall mean the transportation of a student who lives less than 1 ½ miles from Xavier Charter School when, in the judgment of the Board, the age or health or safety of the student warrants such action.

"Non-Transportation Zone" shall mean an area of the attendance area designated by the Board which is not served by school transportation because sparsity of students, remoteness, or condition of roads makes such service impractical

In order to operate the transportation system as safely and efficiently as possible, the following factors shall be considered in establishing bus routes:

- 1. School bus routes shall be established with due consideration of the sum total of local conditions affecting the safety, economic soundness, and convenience of its operation, including road conditions, condition of bridges and culverts, hazardous crossings, presence of railroad tracks and arterial highways, extreme weather conditions and variations, length of route, number of families and children to be served, availability of turn-around points, capacity of bus, and other related factors. Further, the Board shall consider the criteria set out in its measuring and scoring instrument.
- 2. School bus drivers are encouraged to make recommendations in regard to establishing or changing routes.
- 3. Parents should be referred to the Head of Schools and/or designee for any request of change in routes, stops, or schedules.

#### Bus Stops

Buses should stop only at designated places approved by Xavier Charter School authorities. Exceptions should be made only in cases of emergency and inclement weather conditions. Bus stops shall be chosen with safety and protection of the health of the student in mind.

School loading and unloading zones are to be established and marked to provide safe and orderly loading and unloading of students. The Head of Schools of Xavier Charter School and/or designee is responsible for the conduct of students waiting in loading zones.

#### Delay in Schedule

The driver is to notify the administration of a delay in schedule. The administration will notify parents on routes and radio stations if necessary.

#### Responsibilities - Students

Students must realize that safety is based on group conduct. Talk should be in conversational tones at all times. There should be no shouting or loud talking which may distract the bus driver. There should be no shouting at passersby. Students should instantly obey any command or suggestions from the driver and/or his or her assistants.

A pupil may be denied transportation upon a showing of good cause. The reason for the denial of transportation services shall be provided to the parent/guardian in writing.

#### Responsibilities - Parents

The interest and assistance of each parent is a valued asset to the transportation program. Parents' efforts towards making each bus trip a safe and pleasant experience are requested and appreciated. The following suggestions are only three of the many ways parents can assist:

- 1. Ensure that students are at the bus stop in sufficient time to efficiently meet the bus;
- 2. Properly prepare children for weather conditions; and
- 3. Encourage school bus safety at home. Caution children regarding safe behavior and conduct while riding on the school bus.

#### <u>Safety</u>

The Head of Schools and/or designee shall develop written rules establishing the procedures for bus safety and emergency exit drills, which complies with state law and/or Federal Highway Safety Guideline 17, and for student conduct while riding on buses.

If the bus and driver are present, the driver is responsible for the safety of his or her passengers, particularly for those who must cross a roadway prior to loading or after leaving the bus. Except in emergencies, no bus driver shall order or allow a student to board or disembark at other than his or her assigned stop unless so authorized by the Head of Schools and/or designee. In order to assure the safety of all, the bus driver may hold students accountable for their conduct during the course of transportation and may recommend corrective action against a student. Bus drivers are expressly prohibited from using corporal punishment.

Further, the Board shall consider the criteria set out in its measuring and scoring instrument which by this reference is the instrument located on the State Department of Education website.

The bus driver is responsible for the use of the warning and stop signaling systems and the consequent protection of his or her passengers. Failure to use the system constitutes negligence on the part of the driver.

#### **Inclement Weather**

The Board recognizes the unpredictability and resulting dangers associated with the weather in Idaho. To achieve the maximum safety for children and efficiency of operation, the Head of Schools and/or designee is empowered to make decisions as to the emergency operation of buses, the cancellation of bus routes, and the closing of Xavier Charter School in accordance with his or her best judgment. The Board may develop guidelines in cooperation with the Head of Schools and/or designee to assist him or her in making such decisions.

#### **Policy: 8140** Student Conduct on Buses

The Head of Schools and/or designee shall establish written rules of conduct for students riding school buses. Such rules shall be reviewed annually by the Head of Schools and/or designee and revised if necessary. If the rules are substantially revised, they shall be submitted to the Board for approval.

A copy of the rules of conduct for students riding buses shall be provided to students at the beginning of the year. The bus driver shall review the rules with the students at the beginning of each school year. A copy of the rules shall be posted in each bus and shall be available upon request at the Xavier Charter School office.

The bus driver will collaborate with the administration to enforce the rules and modify a student's behavior. The rules shall include consistent consequences for student misbehavior.

Recommendations for permanent termination of bus privileges will be referred to the Head of Schools and/or designee for final determination. The termination may be appealed to the Board. No further appeal shall be allowed.

A recommendation to terminate bus privileges shall be accompanied by a written record of the incident(s) that led to the recommendation. Said written record shall be provided to the parent/guardian of the student whose bus privileges are being revoked.

#### **Policy: 8160** Contracting for Transportation Services

If the Board enters into a contract for transportation services, the contractor shall operate such equipment according to Xavier Charter School policy and the rules and regulations of the State Board of Education. All contracts for the transportation of students shall be in writing in a form approved by the Superintendent of Public Instruction.

Xavier Charter School may attach addenda to the model contract. Such addenda shall be submitted to the State Superintendent for review and approval. If the State Superintendent rejects the addenda or requires that changes be made to them, the Board may appeal to the State Board of Education.

The contract shall be in effect for not more than five years, with the exception of contracts that receive federal funding pursuant to the Federal Clean School Bus Program, which may exceed five years but shall not be in effect for more than ten years. Prior to entering into a contract for transportation services, Xavier Charter School must advertise and bid for such services. The contract shall be awarded to the lowest responsible bidder. In determining what bid is the lowest responsible bidder, in addition to other enumerated specifications, Xavier Charter School will not only take into consideration the amount of the bid, Xavier Charter School will also consider the skill, ability and integrity of a contract to do faithful and conscientious work and promptly fulfill the contract according to the letter and spirit. References may be contacted.

A copy of the contract for transportation services will be filed with the State Superintendent.

**Policy: 8200** Local School Wellness

It is the belief of Xavier Charter School to strive to make a significant contribution to the general well being, mental and physical capacity and learning ability of each student and afford them the opportunity to fully participate in the education process. Xavier Charter School promotes a healthy school by supporting wellness, good nutrition and regular physical activity as a part of the total learning environment. Xavier Charter School supports a healthy environment where children learn and participate in positive dietary and lifestyle practices. By facilitating learning through the support and promotion of good nutrition and physical activity, our school contributes to the basic health status of children. Improved health optimizes student performance potential and ensures that no child is left behind.

Healthy eating is demonstrably linked to reduced risk for mortality and development of many chronic diseases as adults. To ensure the health and well being of all students, it is the policy of the Xavier School Board to:

- 1. Ensure that all children have access to adequate and healthy food choices on scheduled school days at reasonable prices.
- 2. Ensure that fundraising food sales and parties for students which are held during school hours will not conflict with the lunch and breakfast programs. Xavier Charter School operates under program regulations of the National School Lunch, National School Breakfast and Smart Snacks programs in schools.
- 3. Support and promote proper dietary habits contributing to students' health status and academic performance. All foods available on school grounds and at school-sponsored activities during the instructional day should meet or exceed the Xavier Charter School nutrition guidelines. Wholesome foods produced in Idaho should be available and actively promoted in a healthy school environment. Emphasis should be placed on foods that are nutrient dense per calorie. Foods should be served with consideration toward variety, appeal, taste, safety and packaging to ensure high quality meals. Encourage all staff to focus on the Dietary Guidelines for Americans.
- 4. Provide a comprehensive learning environment for developing and practicing lifelong wellness behaviors. The entire school environment, not just the classroom, shall be aligned with healthy school goals to positively influence a student's understanding, beliefs and habits as they relate to good nutrition and regular physical activity. A healthy school environment should not be dependent on revenue from high-fat, low nutrient foods to support school programs.
- 5. Coordinate school food service with the healthy lifestyles policy to reinforce messages about healthy eating and to insure that foods offered promote good nutrition and contribute to the development of lifelong, healthy eating habits.

- 6. Promote healthy eating patterns through classroom nutrition education coordinated with the comprehensive health education program including education, health and food services;
- 7. Provide school staff involved in nutrition education and in supporting a healthy school environment, with adequate pre-service and ongoing in-service training that focuses on strategies for behavioral change.
- 8. Involve family members and the community in supporting and reinforcing nutrition education and the promotion of healthy eating and lifestyles.
- 9. Regularly evaluate the effectiveness of the healthy lifestyles policy in promoting healthy eating and change the program as appropriate to increase its effectiveness.

#### **Policy: 8245 Unpaid School Meal Charges**

Xavier Charter School adopts the following policy to ensure Xavier Charter School employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day, avoid identifying to other students or bystanders students with insufficient funds to pay for school meals, and maintain the financial integrity of the school nutrition program.

#### **Unpaid Meal Charges**

When a student's school meal account funds are exhausted, a student paying the full or reduced price for meals may charge no more than \$20.00 to his or her school meal account. Students may charge breakfasts and/or lunches and/or afternoon snacks up to the maximum amount. Charging of a la carte or extra items to a student's account will not be permitted.

Students who have charged the maximum amount and cannot pay out of pocket for a meal will be provided an alternate meal which meets the federal requirements for reimbursement. Alternate meals shall be provided for **breakfasts and/or lunches and/or afternoon snacks**. This meal shall be provided at **regular meal price**, which shall be charged to the student's account. Once the maximum amount has been charged, the school may start sending notifications. Families will be notified by written notification, phone, or email.

Students who qualify for free meals shall never be denied a reimbursable meal, even if they have accrued a negative balance from previous purchases.

The Board directs the Head of Schools and/or designee to draft a procedure detailing the manner in which notice of low account balances shall be given. Xavier Charter School will make reasonable efforts to notify families when meal account balances are low. Xavier Charter School will make reasonable efforts to collect unpaid meal charges. At least one written warning shall be provided to a student and his or her parent/guardian prior to denying meals for exceeding Xavier Charter School's charge limit.

This notice may include a copy or description of this policy and information regarding how to apply for free or reduced price meals, including contact information for the food services director, who can help them with the application process. Active efforts to encourage eligible households to apply for free or reduced lunch may be used to prevent meal charges.

If payment of the negative balance is not received within 20 days of the maximum charge limit being attained, the debt will be turned over to the Head of Schools and/or designee for collection. If the debt is not paid within 30 days of mailing the final notice of the negative account balance, it shall be considered bad debt for the purposes of federal law concerning unpaid meal charges. Such bad debt must be restored using non-federal funds, from sources such as Xavier Charter School's general fund, special funding from state or local governments, or other sources.

Efforts to collect payment may include use of collection agencies, small claims court, or any other method permitted by law, provided the benefits of potential collections outweigh the costs incurred to achieve those collections.

Students and parents/guardians of students are encouraged to prepay meal costs. Payments for school meals may be made by:

- 1. Bringing payment (cash or check) to the school; or
- 2. Making payment on the Xavier Charter School website through the Meal Time program (service fee for this method)

#### Notification

Xavier Charter School will provide a copy of this policy to all households at the start of school each year and to families and students that transfer into Xavier Charter School at the time of transfer. All Xavier Charter School staff responsible for enforcing any aspect of the policy shall also receive a copy of this policy. It may also be communicated to school social workers, school nurses, the homeless liaison, or other staff members who may assist students in need. Xavier Charter School may also make this policy available in student handbooks, on Xavier Charter School website, or by other means deemed appropriate.

#### Records

Records of how and when this policy is communicated to households and staff will be retained.

Xavier Charter School shall also retain documentation of the handling of bad debt, including:

- 1. Evidence of efforts to collect unpaid meal charges in accordance with the this policy;
- 2. Evidence the collection efforts fell within the timeframe and methods established by this policy;
- 3. Financial documentation showing when the unpaid meal charge(s) became an operating loss; and
- 4. Evidence any funds written off as bad debt were restored to the nonprofit school food service account using non-federal sources.

#### Policy: 8300 Emergency & Disaster Preparedness

The Board of Directors recognizes the importance of being prepared for various types of emergencies, both natural and human, that could occur while school is in session. This necessitates the need to develop appropriate plans and procedures to deal with such emergencies at school facilities or involving school transport. It is important that students, employees and parents be knowledgeable about the various emergency plans and procedures and to be prepared should such an emergency occur.

#### Development of Crisis Management Plan

Xavier Charter School will develop and maintain a Crisis Management Plan to act as a guide for the School Board of Directors, administration, staff, students, parents, and community members to address potential crisis in the school.

The Crisis Management Plan will provide procedures for the school and will be used prior to, during, or after any emergency situation.

The Head of Schools and/or designee shall be responsible for directing the development of a comprehensive Crisis Management Plan. This plan will be shared with representatives of local municipalities and appropriate emergency personnel. The Crisis Management Plan will be reviewed annually by the Crisis Management Committee. The Crisis Management Plan will be maintained by the Head of Schools and/or designee working in conjunction with the staff and public officials as needed.

#### **Policy: 8320** Fire Drills and Evacuation Plans

#### Goal

The Board recognizes the importance of being prepared for emergencies and the role fire drills play in being prepared. The emergency evacuation drill trains staff and students and evaluates their efficiency and effectiveness in carrying out emergency evacuation procedures.

#### Frequency

Monthly Fire Drills are required for all occupants. The frequency shall be allowed to be modified in severe climates and the fire code official shall have the authority to modify the frequency.

#### First Evacuation Drill

The first evacuation drill of the school year must be completed within 20 days of the beginning of classes.

#### Time

Fire drills shall be held at unexpected times and under varying conditions to stimulate the unusual conditions that occur in case of fire. Teachers may be notified of each drill. Emergency evacuation drills shall be conducted at different hours of the day or evening, during the changes of classes, when the school is at assembly, during the recess or gymnastic periods, or during other times to avoid distinction between drills and actual fires.

#### **Assembly Points**

Outdoor assembly areas shall be designated and shall be located a safe distance from the building being evacuated so as to avoid interference with fire department operations. The assembly areas shall be arranged to keep each class separate to provide accountability of all individuals.

#### Record Keeping

Records shall be maintained of emergency evacuation drills and include:

- 1. Identity of the person conducting the drill;
- 2. Date and time of the drill;
- 3. Notification method used;
- 4. Staff members on duty and participating;
- 5. Number of occupants evacuated;
- 6. Special conditions simulated;
- 7. Problems encountered;
- 8. Weather conditions when occupants were evacuated; and
- 9. Time required to accomplish a complete evacuation.

#### Fire Safety and Fire Evacuation Plans

Fire safety and evacuation plans, emergency procedures, and employee training programs shall be approved by the fire code official and be prepared and maintained by the school.

#### Fire Evacuation Plan

Xavier Charter School shall ensure the safety and health of students and staff by having in place at all times an emergency evacuation plan. Xavier Charter School will cooperate and coordinate with city, county, and State emergency personnel. Xavier Charter School shall review its emergency evacuation plan annually to determine whether the procedures in place require modification. The Plan will be posted in the Xavier Charter School office as well as in every school building in Xavier Charter School. The Plan will be provided to each staff member at the beginning of the school year. In addition, Xavier Charter School will educate parents and patrons in the district by providing periodic information regarding the Plan.

#### The fire evacuation plan must include:

- 1. Emergency egress or escape routes and whether evacuation of the building is to be complete or, where approved, by selected floors or areas only or with a defend-in-place response;
- 2. Procedures for employees who must remain to operate critical equipment before evacuating;
- 3. Procedures for use of elevators to evacuate, if applicable;
- 4. Procedures for accounting for employees and occupants after the evacuation has been completed;
- 5. Identification and assignment of personnel responsible for rescue or emergency medical aid;
- 6. The preferred and any alternative means of notifying occupants of a fire or emergency;
- 7. The preferred and any alternative means of reporting fires and other emergencies to the fire department or designated emergency response organization;
- 8. Identification and assignment of personnel who can be contacted for further information or explanation of duties under the plan; and
- 9. A description of the emergency voice/alarm communication system alert tone and preprogrammed voice messages, where provided.

#### Fire Safety Plans

The fire safety plan must include:

- 1. The procedures for reporting a fire or other emergency;
- 2. The life safety strategy and procedures for notifying and evacuating occupants or for a defend-in-place response (if applicable);
- 3. Site plans indicating the following:
  - a. The occupancy assembly point;
  - b. The location of fire hydrants; and
  - c. The normal routes of fire department vehicle access.
- 4. Floor plans identifying the locations of the following:

- a. Exits;
- b. Primary evacuation routes;
- c. Secondary evacuation routes;
- d. Accessible egress routes;
- e. Areas of refuge;
- f. Exterior areas for assisted rescue;
- g. Manual fire alarm boxes;
- h. Portable fire extinguishers;
- i. Occupant-use hose stations; and
- j. Fire alarm annunciators and controls.
- 5. A list of major fire hazards associated with the normal use and occupancy of the premises, including maintenance and housekeeping procedures;
- 6. Identification and assignment of personnel responsible for maintenance of systems and equipment installed to prevent or control fires; and
- 7. Identification and assignment of personal responsible for maintenance, housekeeping, and controlling fuel hazard sources.

#### In the Event of a Fire

All incidents of unintentional fires will be reported to the building principal whether or not fire department response is required. All department heads, supervisors, etc. will ensure that their employees are aware of the location of fire extinguishers and fire alarm pull boxes in their work area(s). All employees should be made aware of the location of the fire extinguishers and fire alarm pull boxes in their work area(s). All employees should be made aware of emergency evacuation routes for their work area, the location of the fire exit windows, etc.

Do not use the elevators in the event of a fire except as authorized by the fire safety plan.

#### In the event of a fire:

- 1. Promptly direct the charge of the fire extinguisher toward the base of the flame. If an emergency exists, activate the building alarm and contact the building principal.
  - a. If a minor fire appears controllable, immediately contact, or direct someone in the area to contact, the building principal.
  - b. For large fires that do not appear controllable, immediately activate the building alarm and contact, or direct someone to contact the building principal. Close all doors while exiting the building to reduce oxygen and slow the spread of fire. Do not lock the doors!
- 2. Assist in the evacuation of the building. Smoke is the greatest danger in a fire, so be prepared to stay near the floor where the air will be less toxic.

3. If trapped on a second story or higher, hang an article of clothing out of the window to signal security officers. Anyone trapped in the room should remain close to the floor to avoid smoke.

During an evacuation, direct crowds away from fire hydrants and roadways, and clear sidewalks immediately adjacent to the building. Ask bystanders to assist in watching windows, doorways, etc. for persons who may be trapped inside. Do not attempt to rescue them. Notify fire department personnel.

#### NON-INSTRUCTIONAL OPERATIONS

**Policy: 8400** Activity Trips

On all activity runs, buses will be operated by a qualified bus driver, and only authorized activity participants, professional staff and chaperones assigned by the administration may ride the bus.

A duplicate copy of the passenger list will be made for all activity trips. One copy will remain with the professional staff member in charge on the bus and one copy will be given to the Activities Director before the bus departs.

All buses used to transport students on activity trips shall be in safe mechanical and good working condition.

#### Student Travel to/from Extracurricular or Co-Curricular Activity

Unless other travel arrangements are authorized, students will board the bus at the school designated as point of origin for the trip and will return to the point of origin in the bus. There will be no stops along the designated route to pick up or discharge students.

The only variation allowed in this regulation is the release of students to parents in a face-to-face situation at the close of the activity before buses begin the return trip. Such release will require a signed, dated note from the parent.

The activity must provide at least one instructor, coach or adult sponsor for each bus on a special trip who shall be familiar with or provide a copy of this policy. The bus driver will be responsible for the safe operation of the bus. The sponsor will be responsible for supervision of students and enforcement of bus rules. Any adult designated by the Head of Schools and/or designee as a sponsor will have such authority.

Students must follow all school bus rules with this exception: Food and drink not in glass containers will be allowed on the bus with permission of the Head of Schools and/or designee. However, any debris must be cleaned up at the end of the trip and before students leave the bus.

If a student causes a disruption or hazard on the bus, a hearing will be held with the Head of Schools (and/or designee), driver, instructor, coach or adult sponsor, parent/guardian and student. The driver, instructor, coach or adult sponsor, parent/guardian and the student will have the opportunity to share with the Head of Schools and/or designee their perceptions of the problem. If the Head of Schools and/or designee finds that there has been an infraction of bus rules, he/she will take the following action:

1. On the first infraction, the student will be warned that following any further infraction he/she will be declared ineligible for transportation to the extracurricular or co-curricular activities for one event.

- 2. On the second infraction during a semester, the student will be declared ineligible for transportation to the extracurricular or co-curricular activity for two events.
- 3. On the third infraction during a semester, the student will be declared ineligible for transportation to the extracurricular or co-curricular activities for the remainder of the semester.

Based on the severity of the problem as it relates to respect and safety for others, the Head of Schools and/or designee may bypass step #1 and/or step #2 above and immediately declare the student ineligible for transportation for two weeks or for the remainder of the semester.

#### Policy: 8500 Risk Management

The Board believes Xavier Charter School must identify and measure risks of loss due to the damage or destruction of Xavier Charter School property or to claims against Xavier Charter School by others claiming to have been harmed by the action or inaction of Xavier Charter School, its offices or staff. A risk management program shall be implemented to reduce or eliminate risks where possible, and to determine which risks Xavier Charter School can afford to assume. Such a program shall consider the benefits, if any, of joining with other units of local government for joint purchasing of insurance, joint self-insuring or joint employment of a risk manager. The Directors shall assign the primary responsibility for the administration and supervision of the risk management program to a single person. The Board shall review the status of the risk management program each year.

Xavier Charter School may purchase and pay for surety bonds for the Business Manager and such other staff and in such amounts as the Board shall from time to time determine to be necessary for honest performance of the staff in the conduct of Xavier Charter School's financial operations.

#### Policy: 8520 Inspection of Xavier Charter School Facilities/ Emergency Evacuation Plan

### Inspection of Xavier Charter School Facilities

To ensure the safety and health of children and staff, Xavier Charter School shall, at least once a year subject the facilities of the school to an independent inspection for the purposes of determining whether such facilities comply with safety and health standards and other codes and requirements of Idaho law. The safety inspection will be conducted by a professionally qualified independent inspector or done pursuant to Title 39, Chapter 80, Idaho Code. The safety inspection report shall be provided to the Board of Directors and to the administrator of the division of building safety for review.

After having the opportunity to review the inspection report, the Board shall identify any unsafe or unhealthy conditions and take the necessary steps to abate such conditions. Should any unsafe and unhealthy conditions remain beyond the school year in which such conditions were reported, the Board shall identify such conditions as not having been abated and take all necessary steps as soon as is practical to abate such conditions. In such case, the Board shall direct the Head of Schools and/or designee to prepare or delegate the preparation of a plan of abatement to be completed at the earliest practicable time. The plan shall be implemented immediately. Such plan shall be provided to the Board and to the administrator of the Division of Building Safety.

Funds to conduct such abatement shall be segregated and, if necessary, secured as required by Idaho Code.

For purposes of this policy, the term "facilities" means school buildings, administration buildings, playgrounds, athletic fields or any other facilities or property used by schoolchildren or school personnel in the normal course of educational services.

#### Policy: 8530 Property Damage

Xavier Charter School shall maintain a comprehensive insurance program which shall provide adequate coverage, as determined by the Board of Directors, in the event of loss or damage to school buildings, equipment, or other school property, including motor vehicles.

The comprehensive insurance program shall maximize Xavier Charter School's protection and coverage while minimizing the costs for insurance. This program may include alternatives for sharing the risk between Xavier Charter School and the insurance carrier, and through self-insurance plans.

If, as result of loss on real property, Xavier Charter School receives less than \$5,000, such proceeds may be credited to the general fund.

#### **Privately-Owned Property**

Xavier Charter School shall not assume responsibility for the maintenance, repair or replacement of any privately-owned property brought to a school or Xavier Charter School function unless the use or presence of such property has been specifically requested in writing by the administration.

#### **Policy: 8600** Records Management

A fireproof protection will be provided for the retention of public records, including but not limited to minutes, annual audit reports, etc. and for employment and student records.

The Clerk shall be the custodian of records under the supervision of the Head of Schools and/or designee.

Personnel files and student files are confidential and are to be disclosed only as provided in policy and/or by law. A record of persons examining/copying personnel files or student files, other than administrative staff, shall be kept for each employment file and student file.

All public records will be provided to the public in accordance with the laws of the State of Idaho and Xavier Charter School policy.

#### Record Safety

The Head of Schools and/or designee shall create and enforce a procedure in an effort to keep Xavier Charter School's data and vital records safe and secure in the event of a possible disaster. Examples of vital records include personnel files, student records, fiscal documents (financial and insurance), etc.

In creating the procedure, the Head of Schools and/or designee shall consider the following:

- 1. Physical security;
- 2. Backup storage security;
- 3. Backup schedule;
- 4. Rotate backups:
- 5. Remote access;
- 6. Personnel authentication;
- 7. Backup infrastructure security;
- 8. Duplicating records for off-site storage; and
- 9. Storing computer tapes and disks in fire/waterproof safes.

The procedures should provide for a written comprehensive disaster recovery plan. Such a plan ensures that vital records are backed up daily and that Xavier Charter School will be able to recover operations quickly. In the event of a disaster, the identification and protection of vital records is of great importance.

#### **Policy: 8605** Retention of Xavier Charter School Records

In compliance with Idaho Code § 33-506, the Board of Directors establishes the following guidelines to provide administrative direction pertaining to the retention and/or disposal of Xavier Charter School records. This schedule likewise identifies the anticipated physical location of where such records may be kept or maintained by Xavier Charter School, in addition to the possible document retention of all categories of records on the school's servers and computer systems.

Xavier Charter School's Public Records Custodian(s), in conjunction with the Head of Schools, and/or designee, is responsible for the maintenance, safeguarding and destruction of Xavier Charter School's records. Performance of such duties shall be in cooperation with Xavier Charter School's Business Office, Technology Coordinator, and other administrative personnel employed by Xavier Charter School. However, each school employee is likewise responsible for having knowledge of this policy and the requirement to safeguard Xavier Charter School's records, electronic or otherwise, consistent with the chart below.

Xavier Charter School's Public Records Custodian(s) shall work in conjunction with Xavier Charter School's Technology Coordinator to assure that the school's staff is aware of the routine destruction of electronic Xavier Charter School records, including emails, such that they are able to assure that Xavier Charter School's public records are retained consistent with this schedule, regardless of whether they are maintained in a hard copy or an electronic copy. In such a process, Xavier Charter School's employees need to retain Xavier Charter School records included on the schedule below, particularly student educational records, personnel records, and investigative records, in a format that is not part of Xavier Charter School's routine electronic records destruction and/or notify the technology personnel of Xavier Charter School that a particular document is not to be destroyed as part of the routine destruction of electronic records.

Unless otherwise prohibited by applicable law, all Xavier Charter School records may be maintained electronically and/or in hard physical copy.

#### Method of Destroying Official Records

Xavier Charter School's official records, and any copy thereof that may be deemed to be confidential and/or not intended to be disseminated to the public, will be shredded before being disposed.

#### Destruction of E-mail and Other Electronic Communications

Xavier Charter School will store e-mails for a minimum period of one year. It is the responsibility of every employee to assure that Xavier Charter School documents that need to be retained for a longer period of time due to federal law, state law or the provisions of this policy are retained accordingly and in a different format than e-mail. An employee's failure to retain Xavier Charter School documents accordingly could serve as a basis for discipline, up to and

including possible termination.

Xavier Charter School employees and Board Members are directed to retain text messages and other electronic communications related to Xavier Charter School business for a period of three years.

### Suspending Destruction of Official Records

Xavier Charter School will immediately cease the destruction of all relevant records, including electronic records, (even if destruction is authorized by an approved Retention Schedule) for the following reasons:

- 1. If Xavier Charter School receives a public records request;
- 2. If Xavier Charter School believes that an investigation or litigation is imminent, or
- 3. If Xavier Charter School is notified that an investigation or litigation has commenced.

The Public Records Custodian(s) and Head of Schools, and/or designee, are responsible for carrying out this policy.

If relevant records exist in electronic formats (such as email, digital images, word processed documents, databases, backup tapes, etc.) Xavier Charter School's administrative personnel shall notify its information technology staff to cease the destruction of records relating to the subject matter of the suit/potential suit or investigation. Failure to cease the destruction of relevant records could result in penalties against Xavier Charter School.

Xavier Charter School records shall be retained and/or disposed of as follows:

#### Policy: 8700 Computer Software

The unauthorized copying of any computer software which is licensed or protected by copyright is theft. Failure to observe software copyrights and/or license agreements may result in disciplinary action by Xavier Charter School and/or legal action by the copyright owner.

No Xavier Charter School-owned computing resources should be used for unauthorized commercial purposes. Illegal copies of copyrighted programs may not be made or used on school equipment. The legal or insurance protection of Xavier Charter School will not be extended to employees who violate copyright laws.

The Head of Schools and/or designee is the only individual who may sign license agreements for software for the school.

#### Policy: 8710 Board of Directors Use of Electronic Mail

Use of electronic mail (e-mail) by Board Members will conform to the same standards of judgment, propriety, and ethics as other forms of board-related communication. The Board will comply with the following guidelines when using e-mail in the conduct of school responsibilities:

- 1. Board members will not use e-mail as a substitute for deliberations at Board meetings or for other communications or business properly confined to Board meetings.
- 2. Board members will be aware that e-mail and e-mail attachments received or prepared for use in Board business or containing information relating to Board business may be regarded as public records, which may be inspected by any person upon request, unless otherwise made confidential by law.
- 3. Board members will avoid reference to confidential information about employees, students, or other matters in e-mail communications, because of the risk of improper disclosure or unsecure websites. Board members will comply with the same standards as school employees, with regard to confidential information.

#### **Definitions**

"Deliberation" is defined as the receipt or exchange of information or opinion relating to a decision, but shall not include informal or impromptu discussions of a general nature which do not specifically relate to a matter then pending before the public agency for decision.

#### NONINSTRUCTIONAL OPERATIONS

Policy: 8800 Drones

It is the policy of Xavier Charter School to maintain a safe learning environment. Xavier Charter School has determined that unapproved use of drones poses a safety hazard. The use or possession of unmanned aircraft or aerial systems (UAS), also known as drones, is prohibited for any purpose by any person or entity at any district-sponsored event; game; match; tournament; or anywhere in, on, or directly above or upon property or premises owned, maintained or used by Xavier Charter School for any purpose, unless otherwise preempted by applicable state or federal law. Xavier Charter School reserves the right to remove or refuse admission to any individual who violates this policy. Xavier Charter School further reserves the right to exclude any individual who violates this policy from future school events. Violators may also be reported to appropriate authorities, including the Federal Aviation Administration (FAA). Students or employees violating this policy shall be subject to formal disciplinary action pursuant to Xavier Charter School policies.

## Use of Unmanned Aircraft (Drones)

An unmanned aircraft, or drone (hereinafter "drone"), is an aircraft that is:

- 1. Capable of sustained flight in the atmosphere;
- 2. Flown within visual line of sight of the person operating the aircraft; and
- 3. Flown for hobby or recreational purposes.

In an effort to maintain the safety, security, and privacy of students, staff, and visitors, the Board has determined that the operation of unmanned aircraft, also known as drones, other than use as part of a pre-approved school program, is prohibited by any persons on or over school property and at school sponsored events.

An exception to this policy may be made in specific cases, but must be approved in advance by the Head of Schools and/or designee.
