

## **Safety Committee Meeting**

**April 10, 2025**

### **Minutes**

**Attendance:** Josh Dickson, Debbie Barrutia, Megan Choate, Liz Parker, Bradley Hansen, Gary Moon

**Meeting time:** 3:14PM-3:45PM

**Alice Drill Debrief:** PA in portables, active threat comes back toward elementary wing: is there still a threat? Secondary teachers did not evacuate when they had time and should have. Next year more reminders of procedures during staff meetings. Reminder to open windows once a month. Walkie talkie communications for the Kenwood. Contact White Cloud for service. Check with Stacey to locate another Kenwood. At rally point teachers need phones to send updates. ROR list for roll call in case of drill or emergency. Bring Mike Norris and Jordan (Megan's husband) in for a drill. Advise teachers that there will be a drill during a certain month. This will allow preparedness and thought.

**Modular Doors:** Completed but waiting for a fix for proper operation. We will inspect and advise for further installation.

**PA System:** Getting a new bid for modular and playground. Brian will advise and this will be presented to Gary and the board.

**Security cameras:** Add cameras to the south lawn, parking lot, and playground. Contact Jeremy and then Brian to set up a bid (Pinnacle). We created a document to show where cameras are needed. Check on wireless cameras on light poles. Check on monitor visibility on computer screens and phones.

**Parking lot:** Revisit at a later date. Check with the city on extra entrance.

**Hosting ALICE course:** Phone calls to Twin Falls district and Jerome (Stacey).

**Other Notes:** Hall convex mirrors (Craner corner). Check with Brian about cost and installation.
